Willow Spiling

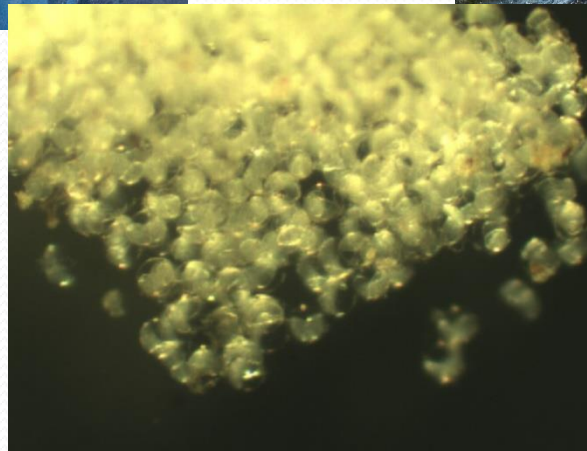

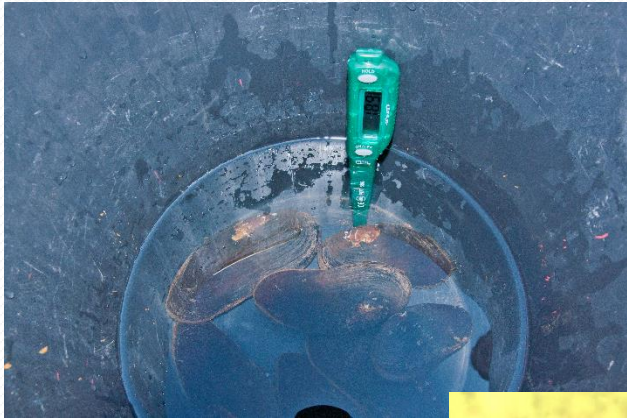

30/07/2015 12:48

Timelapse – Re-grade

C17: Encyst juvenile salmonids in the River Ehen

- Three successful years of artificial encystment

Action E5: Pearls in the Classroom

- 16 sessions delivered
- 6 schools
- Total young people = 499
- Combination of classroom based PowerPoint, activities and underwater viewing using bathyscopes and a gopro camera and tablet
- Another 6 schools interested
- Really positive feedback
- Schools asking for more educational sessions
